puzzle 3

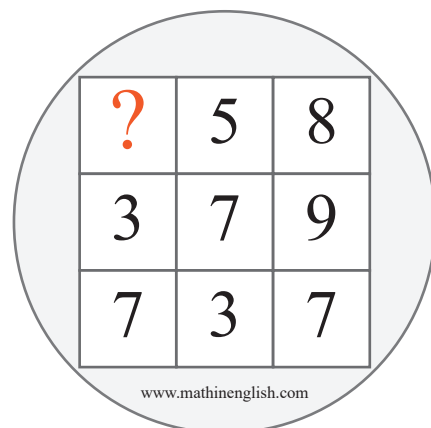

What is the missing letter in this brain teaser ?

www.mathinenglish.com

puzzle 4

What is the missing number in this pattern ?

www.mathinenglish.com

Answer to brain teasers

puzzle 1 : A

Hexagon = 3, square = 4, circle = 4, star = 5.

puzzle 2 : D

The sequence follows a +5 pattern, so the last star has a value of 30, or D.

puzzle 3 : N

The digits in each cell add up to 14, or N.

puzzle 4 : 3

358 plus 379 equals 737.
