puzzle 4

Which number is missing here?

www.mathine	english.com	
$\langle 5 \rangle$	$\langle 8 \rangle$	$\langle 5 \rangle$
$\langle 4 \rangle$	$\langle 6 \rangle$	$\langle 8 \rangle$
?	$\langle 3 \rangle$	$\langle 4 \rangle$
$\langle 3 \rangle$	$\langle 5 \rangle$	$\langle 1 \rangle$

Answer to brain teasers

puzzle 1: 6

The total pips on each of the 5 dominos are the first 5 primes.

puzzle 2: 4

Reverse the sum of the 3 outer numbers in each circle to get the center number.

puzzle 3: P

In each row, add the left and right cell and multiply by 2 to get the middle.

puzzle 4: 2 The last 2 numbers in each row are multiples of 17. 34 is 2 x 17.
